

Dear Supporting Pastor,

I wanted to take a minute to thank you for your willingness to give to our missionaries who are sent through Vision Baptist Missions. Your heartbeat for world evangelism encourages me more than you can even understand. We definitely understand that your support for missionaries is something that you pray about and think through very carefully, and to have our mission board partnering with you in your goal of reaching the world is an honor.

I truly believe that we have some of the greatest missionaries out there right now. These men were not hired or recruited to be sent through VBM. These men were trained to be where they are right now.

Vision Baptist Church and Missions has a burden to teach young men how to fulfill the dream that God has placed in their hearts to reach some part of the world with the Gospel. As a result, we started the Our Generation Training Center to train these men and to partner with them, teaching them and giving them the tools to take to the field and make a difference.

At the OGTC, we believe that our next generation of missionaries is going to be the most important one sent out yet. They have tools and opportunities to reach others at their disposal today that the Apostle Paul would have died to have, and we want to teach them to make the most of those tools and opportunities. Our teachers are not professional teachers; they are men of God, veteran pastors and missionaries, who are serving full-time and give us chunks of time out of their schedules to teach classes. The power of this model has been amazing to see as we watch men and women pour their lives into other men and women for the sake of the Gospel. This model is as old as the Scriptures themselves, and we believe that it still is the best way to reproduce ourselves in others.

I would love for you to allow us to partner with you in training up your young men to reach the world with the Gospel. Do you have young men or women who are passionate about a part of the world and don't really know how to get there? Allow them to come here and share their lives with some of the greatest missionaries of our days.

I really don't want to send you to our website (www.ogtc.org) or send you a DVD, even though I would not mind doing that if you wanted. I am inviting you to get to know us. Please call me on my cell phone at 770-825-3478, and if you are close enough to us, I would even love to sit down and buy your lunch as we conspire together to reach with world with the Gospel using the greatest resource that we have ever been given--that of young men and women with a passion to reach the world.

Reaching the World in Our Generation,

Robert Canfield
Director
